

Scope of delivery DD 500

- Pump head duplex stainless steel 1.4462
- Pressure regulation-valve duplex stainless steel 1.4462
- High-pressure gauge stainless steel
- Low-pressure gauge stainless steel
- Powerful feed pump
- Tank for preservation and cleaning
- Detailed manual in German or English

Connection cable, through-hull fittings and sea cock must be provided on-board.
 See next page for complete parts list.

Option: Cruising kit:

4 filter-cartridges 5 Micron, 2 filter- cartridges charcoal.

Detergents: Acid, Alkaline, Biocide (500, 400, 600 Gr.) for preservation and cleaning.

1 set low- and high-pressure gasket for hp pump,

1 set of hp pump valves (6 pc.).

O-ring spare part kit for hp pump and membrane.

This option eliminates the smaller amount of biocides included in the standard delivery.
